#	RESPONSES	DATE
1	Thank you for what's you are doing to help Colfax sparkle again.	12/1/2020 12:52 PM
2	I would IOVe to see energy put into holding building owners accountable for the appearance and upkeep of their properties... this is especially pertinent to some of our out of state owners.	11/24/2020 12:57 PM
3	I feel the history is important because I have lived through some of it. However it may not be the strongest factor to draw outside folks to the area.	11/23/2020 7:10 PM
4	In areas for placemaking, it would be nice to have plaques indicating who did the art work (Lonnie Hanson trees), why something is named as it is.	11/20/2020 1:26 PM
5	I think the community has done a great job so far in fostering the round 3 objectives and activities.	11/20/2020 11:41 AM
6	I continue to believe we need to also foster collaboration with West Colfax to the east of Sheridan. It is all west Colfax to most people. I do get that we need to also maintain the key relationship with the City of Lakewood at the same time.	11/19/2020 12:58 PM
